

The Financial Services Expansion Project

The Financial Services Expansion is a 5,500 square foot addition to the existing Financial Services Building featuring a steel structure on concrete foundations with masonry and aluminum storefront exterior. This project included the following: additional space for approximately fifty (50) employees and support areas to accompany the new areas. AKM Building Systems, Inc. will be the general contractor for the project.

If you would like additional information regarding the bidding process and schedule please contact Jerry Amole with AKM Building Systems, Inc. at (740) 773-4500 or by e-mail (jamole@akmbuilding.com).
