

# SHAWNEE STATE UNIVERSITY RADIOLOGIC TECHNOLOGY ASSOCIATE DEGREE

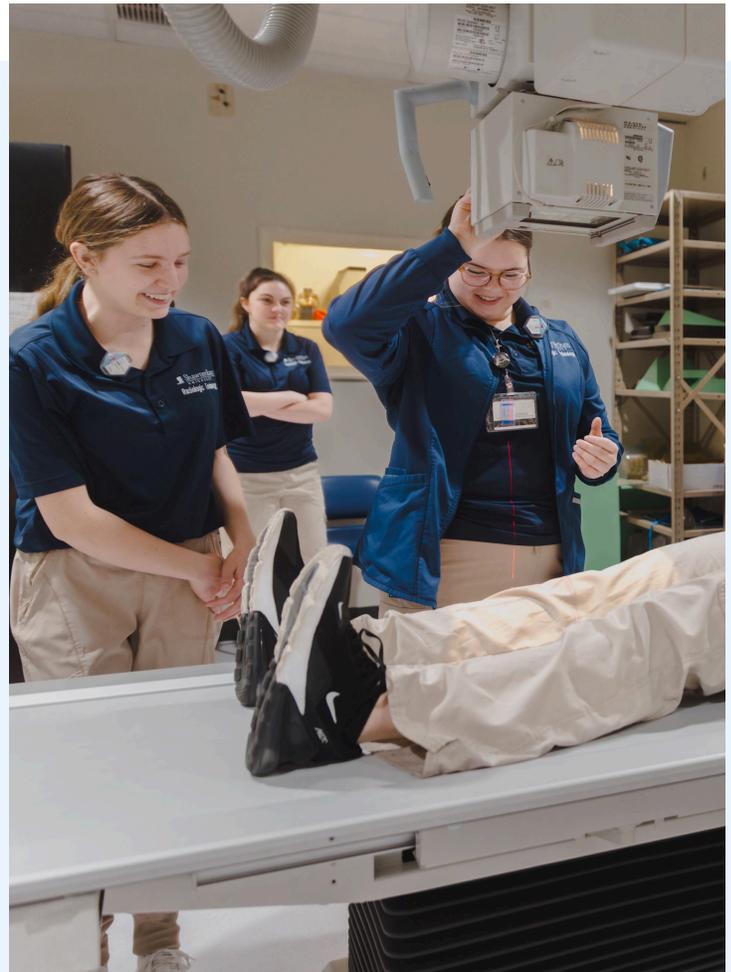

## Why Radiologic Technology At SSU?

- Hands-on clinical experience in real health care settings.
- Accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).
- Career-focused curriculum that covers patient care, imaging procedures, and radiation safety.
- A 100% job placement rate, as reported by JRCERT.

## Why choose Radiologic Technology

Radiologic Technology is for people who enjoy technology, patient interaction, and hands-on work, radiologic technology offers a rewarding balance of purpose, stability, and growth.

Radiologic technologists play a crucial role in diagnosing injuries and illnesses by operating imaging equipment like X-ray, CT, and MRI scanners, directly impacting patient care. The field offers strong job demand and competitive pay.

## Your path starts here!

Radiologic Technology is a selective program with limited seats. Apply by the deadline for full consideration.
