

STATEMENT OF PURPOSE: This policy establishes Adena Health System's (AHS) guidelines for free or discounted services based on specific income criteria as defined by the Federal Poverty Guidelines. Adena's Chief Financial Officer is administratively responsible for this Policy along with the Finance Committee of the Board of Trustees which maintains oversight.

SCOPE: This policy applies uniformly to both inpatient and outpatient services provided by the following AHS entities:

- Adena Regional Medical Center (**ARMC**)
- Adena Greenfield Medical Center (**AGMC**)
- Adena Pike Medical Center (**APMC**)
- Adena Medical Group (**AMG**)

POLICY/PROGRAM DESCRIPTION: The core of AHS' mission is to serve the healthcare needs of all people in our community 24 hours a day, 7 days a week, regardless of their ability to pay. Furthermore AHS does not discriminate against, race, color, sex, national origin, disability, religion, age, sexual orientation or gender identity. For further detail please refer to AHS Patients' Rights and Responsibilities literature. AHS provides care based on the following principles:

- Treat all patients fairly, with dignity, respect and compassion.
- Serve the emergency healthcare needs of everyone.
- Assist patients who cannot pay for part or all of their care.
- Balance needed financial assistance for some patients with broader fiscal responsibilities in order to maintain hospital services.

AHS provides free or reduced care under Hospital Care Assurance Program (HCAP), Charity Care Program (CCP). HCAP is the Ohio Department of Medicaid's (ODM) mechanism for meeting the federal requirement to provide additional payments to hospitals that provide a disproportionate share of uncompensated services to the indigent and uninsured. AHS provides additional charity through its own CCP based on Federal Poverty Income Guidelines as outlined in this policy.

 - a. For patients who are determined to be eligible for a Financial Assistance Program, AHS will not hold the patient responsible for more than AGB. The AGB percentage is calculated using the "Look-Back" method, as defined in federal regulations. Each AHS entity calculates its AGB percentage based on all claims allowed by Medicare and private health insurers over a 12 month period, divided by the applicable hospital's associated gross charges for those claims.
 - b. AHS adjusts charges annually at the beginning of the calendar year based on a variety of factors including costs, market conditions, government regulations, and insurance contract requirements. Once the charges are determined for the year, the current year AGB is calculated utilizing the aforementioned methodology.
 - c. The AGB percentage varies by entity, but AHS used the highest discounted calculation for all applicable AHS entities for one universal discounted calculation is updated annually. Members of the public may obtain a written copy of any specific AHS AGB percentage free of charge if requested.

Note: This discount is **not** applicable when patient services are covered under Workers Compensation, auto insurance motor vehicle accidents, and third party injuries.
