Additional Information

Medical School

Indiana Wesleyan University; Marion, Indiana, Master's of Science in Nursing

About

Now accepting new patients, Kelly Hill is a Certified Nurse Practitioner who provides a number of services and treatments to patients of all ages.

As a Chillicothe native, Hill has been employed with Adena Health System for over 35 years, with spending most of his career working in the Emergency Department.

“For a period of 12 years, I worked only part-time in the Emergency Department as I was also working as a flight nurse for Med Flight of Ohio,” said Hill.

Hill was later employed as the School Nurse at Unioto Schools for 13 years. “During this time, I saw many students and staff, without primary care providers or anyone to address their health care needs,” he said. “It was due to this ongoing shortage I decided to pursue becoming a nurse practitioner to try and make a difference in the community.”

During the completion of his Master of Science in Nursing and Nurse Practitioner coursework, he returned full-time to the Adena’s Emergency Department.

After earning his Nurse Practitioner Certification, Hill worked for a year at the Adena Walmart Walk-in Clinic. He then had the opportunity to transfer his patient care to Adena Chillicothe Family Physicians. “I feel I have made a great decision to focus on primary care, as I am now able to help provide primary care to so many in the area who are in need.”

According to Hill, Being able to develop positive relationships with his patients, helping them to maintain their health and wellness and being a resource for them has been the most rewarding part of being a primary care provider. "I feel I am able to give back to the community where I was raised," he said.

Hill and his wife currently live in the Chillicothe area and enjoy spending their time with their two sons and a young granddaughter.

Additional Information

Medical School

The Ohio State University College of Medicine, Columbus, Ohio

Residency

Chesterfield Family Medicine Residency Program, Richmond, VA

About

Raised in Akron, Dr. Makishi received his medical degree from The Ohio State University and completed his residency through Chesterfield Family Medicine Residency Program in Richmond, Virginia.

“Throughout residency, I really enjoyed all the clinical areas and learning about every aspect of care,” he said. “Because of this, I chose to specialize in primary care. Since being at Adena, I have greatly enjoyed seeing patients of all ages and providing services for all types of health care needs.”

Dr. Makishi was inspired to become a physician at the age of 12, when his younger brother broke his arm. “The whole process was so fascinating to me,” he explained. “This led me to shadowing doctors and after a while I decided that medicine was the right path for me.”

Dr. Makishi looks forward to building long-term relationships with his patients and the staff of Adena Chillicothe Family Physicians. “I have fallen in love with Chillicothe and the people here,” he said. I am fully committed to this community and am looking forward to serving patients of this region for many years.”

In his free time, he enjoys spending time with his wife, family and trying new restaurants.

Family Medicine

About

Currently accepting new patients, Brooke Maranzana is a family nurse practitioner at Adena Chillicothe Family Physicians.

Maranzana graduated from The Ohio State University with a Masters of Science in Nursing degree in 2004, and has been practicing medicine and serving primary care patients ever since.

“I enjoy family practice because I am able to get to know my patients on a personal level, which I feel helps me take better care of them medically,” said Maranzana. “I love being a nurse practitioner and focusing on health maintenance, disease prevention, disease management, and education. I feel it’s extremely important for each patient to be well informed so we can work together as a team to make decisions regarding their care.”

Maranzana was born and raised in Chillicothe. “I feel Chillicothe is a wonderful community and have chosen to work and raise my family here,” she added.

She enjoys being a part of the community by participating in local events.

Otterbein College, Westerville, Ohio

Clinical Interests
Family Medicine, Diabetes Care

About

Ward has been caring for patients at Adena Health System for over 30 years. For 11 of those years, Ward has provided care to families, adults and babies as Family Nurse Practitioner at Adena Chillicothe Family Physicians.

Working in the community as a nurse practitioner for Adena Chillicothe Family Physicians, A Department of Adena Regional Medical Center, has given Marsha Ward, CNP the privilege of connecting one on one in a personal relationship with her patients and their family.

Family medicine allows Ward to meet patients wherever they are in their lives. “I feel it is a privilege to connect one-on-one and develop relationships with my patients and their families,” said Ward.

Ward offers wellness and follow-up care for all types of chronic conditions, including diabetes, high cholesterol and blood pressure. She also holds her certification as a Diabetes Educator and specializes in the caring of patients with diabetes. By caring for patients throughout their lives, Ward is able to help detect the early signs of diabetes and provide education and treatment earlier to ward off the onset of diabetes or lessen its devastating effects.

“My philosophy of care is based on caring for patients as they adapt to the changes life brings across their lifespan,” she said. “Across the lifespan, we go through different life changes - illness, wellness, and family dynamics. Being able to adapt to these changes is important”.

As a mother with three teenagers, Marsha Ward seeks to help patients through education and understanding of their unique health circumstances.
