### Clinical Interests

Newborn Care, Level B recovery,  
Adolescent Health

## About

After receiving her medical training overseas, pediatrician Dr. Lois Jetty, MD, of Adena Pediatrics, now calls Chillicothe, Ohio, her home. Dr. Jetty feels that pediatric care is God's chosen profession for her and her mission in life is to provide the best possible care to all her patients. Dr. Jetty enjoys even the most challenging days of her pediatric practice and provides a lot of patience and care to her young patients. Making a difference in one person's life makes that day worth living, says Dr. Jetty.

In addition to treating ear infections, viral illnesses such as the flu, or more critical cases such as bacterial infections or meningitis, Dr. Jetty takes an interest in newborn care and adolescent treatment. Dr. Jetty knows the importance of prevention, early detection, and management of ongoing children's health issues to the well-being of all her patients. Dr. Jetty especially likes seeing children grow up while offering advice to the parents on how to raise healthy, happy children

Dr. Jetty is passionate about spending time with her own family and makes time to ski, play tennis or travel with her family. Dr. Jetty often records these events through her love of photography.

## About

Providing full comprehensive care for children in southern Ohio is the goal of Dr. Sathish Jetty, MD, who practices with Adena Pediatrics in Chillicothe, Ohio. Offering the same level of care given in any big city, Dr. Jetty enjoys taking care of patients from the time they are born until the time they go off to college.

Pediatricians provide comprehensive care to children from birth up to age 21. Dr. Jetty and his team provide all types of care, including well baby check-ups, immunizations, and care for illnesses and injuries. As a pediatrician, Dr. Jetty knows the importance of communication between him and the parents and works very hard at this. Dr. Jetty prides himself on developing great relationships with his patients and their parents.

During the time he is not at the pediatric practice, Dr. Jetty can be found enjoying a round of golf in the summer or skiing in the winter. He loves the outdoors and spending time with family and friends.

#### Medical School

St George's University School of Medicine -  
West Indies

#### Internship

Miami Children's Hospital, Miami, Florida

#### Residency

Miami Children's Hospital, Miami, Florida

#### Clinical Interests

Asthma, ADHD, Adolescents

### About

Pediatrician Alessandro Maranzana, MD, of Adena Pediatrics in Chillicothe, Ohio, understands the importance of establishing a strong connection with his young patients. Dr. Maranzana makes a priority of making the kids feel comfortable. Being a “big kid” himself, Dr. Maranzana seeks to establish fun office visits so the children will enjoy coming to see their doctor and not be nervous or afraid.

Dr. Maranzana feels strongly about building relationships with the parents of all his patients. He sees proof that he is doing this when parents of current patients bring their newborns to him. At that point, Dr. Maranzana knows he is offering the whole family a good service.

In his pediatric practice, Dr. Maranzana offers comprehensive infant, child, and adolescent care, including well-child exams, immunizations, care for viral infections, treatment for bacterial infections and care for minor injuries, asthma and ADHD. He enjoys working with teenagers to help ease them through social stresses and anxiety disorders.

## About

Scott McCallum, MD, came to Adena Pediatrics in Chillicothe, Ohio, directly after completing residency to begin his career as a pediatrician and start a family in the community. During this time, Dr. McCallum, other partners at Adena Pediatrics as well as other Adena physicians have been involved with the . This community based service deals with abused and neglected children.

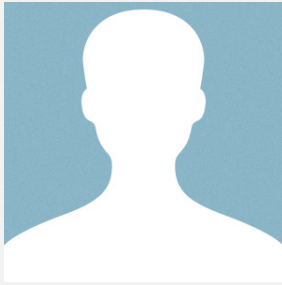

As a pediatrician, Dr. McCallum manages the physical, mental, and emotional well-being of children, adolescents and young adults up to age 21. He provides comprehensive care from well-child exams and sports physicals to treatment for infections, illnesses and injuries. He also teaches children and their parents how to manage chronic conditions such as asthma and diabetes.

In his spare time, Dr. McCallum is busy running around after his children. He also likes to run road races, likes open-wheeled auto racing and is a fan of old cars.

## About

Laura Wills, MD with Adena Pediatrics in Chillicothe, Ohio, chose to specialize in pediatric medicine because pediatricians get to “do it all”—from giving newborns their first check-up to seeing them grow throughout well-child visits and treating their fevers, broken bones and everything else in between.

As a family doctor, Dr. Wills provides well-child checkups, immunizations and sports or school physicals. Dr. Wills especially likes tending to the physical, mental and emotional health of patients as babies, children, adolescents and young adults to age 21 - in good health or in illness.

Dr. Wills comes to Adena Pediatrics with a hospice background and one day hopes to work in pediatric hospice and palliative care. Dr. Wills has a special interest in chronic care patients. She enjoys working with patients who have more complex needs by establishing a “medical home” for the patients and their families and coordinating the complexity of specialty care. Currently, Dr. Wills works both at Adena Pediatrics and at the Adena Medical Center inpatient hospital. She also works a couple of shifts monthly in urgent care.

### Adena Health System
